Washington, D.C. 20231

S I R:

INFORMATION DISCLOSURE STATEMENT

Respectfully submitted herewith is a copy of a European Patent Office Search Report (3 pages) together with copies of 3 of its 4 cited references. The fourth reference DE 196 23 406 was previously filed in the PTO in an IDS with certificate of mailing of March 3, 1999.

In the European Patent Office Search Report the references listed with an A mean that these references define the technical state of the art with respect to the listed claims in the European application. The reference listed in category X means that this reference considered alone is of particular significance with respect to the listed claims. In the European Patent Office Search Report the words "Einschlägige Dokumente" means relevant documents, "Kategorie" means category, "Kennzeichnung des Dokuments mit Angabe, soweit erforderlich, der massgeblichen Teile" means designation of the documents with statements as far as necessary of the relevant parts, "Betrifft Anspruch" means concerning claim, "Abbildung(en)" means Fig(s). or illustration(s), "das ganze Dokument" means the entire document, and "Zusammenfassung" means abstract. Since this translation now points out in English the relevant portions of the 4 references listed in the European Patent Office Search Report, and the European patent is in the English language, no further concise explanation of relevance is required.

A PTO-1449 form is presented listing the three presently submitted references.

Translation of the foreign language references are not available to the undersigned.

A certification under 37 CFR 1.97(e) is presented herewith with respect to the three references being submitted herewith.

This submission meets the requirements of 37 CFR §1.56, 1.97 and 1.98(a) and MPEP 609.

Respectfully submitted
Peter Brandt et al
